

ORDERING YOUR HOLIDAY HAMPERS

WELSH WELCOME HAMPERS

You can have the True Taste of Wales awaiting your arrival in Pembrokeshire. Your accommodation provider has agreed to provide the extra service of receiving the welcome pack on your behalf.

The hampers have been created by combining the most popular items available from Yerbeston Gate Farm Shop. Our aim is to provide as wide a range of Pembrokeshire and Welsh produce as possible all of which can be pre-ordered. See our website for further details.

The farm shop started in 2001, and is run by Andy and Debbie Eastwood. In 2008, we won the Pembrokeshire Tourism Innovation in E commerce category and also became South Wales Barbeque product champions. We have many awards for our own Welsh Black Beef, homemade sausages, burgers and home-cured bacon. We breed Saddleback Pigs on the farm. If you enjoy the quality of the products you have received then please order some meat or other produce to take home with you in an insulated box. A leaflet will be included with your order.

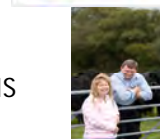

The sign of award winning food & drink

Once you have confirmed your booking with your accommodation provider, place your order over the phone with Andy or Debbie or via the internet giving us at least a weeks notice to ensure availability. If you place your order online please put the holiday accommodation name with your address for the delivery and a mobile phone number if possible. **(The national delivery charge does not apply and will not be added to your final bill when we process your card details).**

We will contact you to process the payment to ensure that you haven't forgotten anything. We will also let the accommodation provider know that there will be a delivery for you in advance of the despatch. The contract for the service though will be between Yerbeston Gate Farm Shop and you

LOCAL PRODUCE

Congratulations on booking your holiday to Pembrokeshire. West Wales abounds with many artisan food producers, micro breweries, beekeepers, bakers and confectioners. The mild climate creates the perfect conditions for growing luscious grass to rear beef cattle, lambs and dairy herds. Which helps us to produce great tasting meat reared in the traditional manner

Yerbeston Gate Farm sells Free Range Eggs, Welsh Black Beef, Breeds Saddleback Pigs and Balwen Welsh Mountain Lambs . The Saddleback Pigs are reared outdoors throughout the warmer and drier times of the year. We cure our own bacon and gammons and make our own award winning sausages and burgers in the shop and bake pies in our farmhouse kitchen.

When you buy locally you help to support our local farmers and their businesses, this in turn helps to keep the local people employed and keep the communities in Wales alive and strong, thus ensuring a warm welcome. You will also curb the impact on then environment by reducing the distance food travels which will save energy and reduce world pollution.
